

EXHIBIT A

**IN THE UNITED STATES DISTRICT COURT
FOR EASTERN DISTRICT OF PENNSYLVANIA**

THE MIDDLE EAST FORUM	:	CIVIL ACTION
	:	
	:	NO. 2:19-cv-05697-JS
Plaintiff,	:	
	:	
v.	:	
	:	
LISA REYNOLDS-BARBOUNIS	:	
	:	
	:	
Defendant.	:	

DECLARATION OF LISA REYNOLDS-BARBOUNIS

I Lisa Reynolds-Barbounis who resides at 1820 Kilbourne Place, Northwest, Washington D.C. 20010, in the United States of America do hereby make OATH and say at follows:

1. My name is Lisa Reynolds-Barbounis.
2. From October 2017 until August 2019, I was an employee of the Middle East Forum ("MEF") and held two positions. They were (1) Executive Liaison and (2) Director of Communications.
3. When my employment for MEF began, my cellular telephone was an iPhone which I believe was an iPhone 8. My cell phone carrier at that time was Verizon Wireless.
4. Since she was married in 2012, Declarant, Lisa Barbounis has never owned or operated a cell phone that was not part of a family plan and in the name of her husband, Visili Barbounis.
5. All phones and devices connected with the Verizon Account and Sprint Account, referenced within this Declaration, including all devices referenced in this Declaration, are or were in the name of Visili Barbounis and were part of a family plan.
6. According, all electrically stored information contained in Declarant's personal devices relates to both Declarant, Lisa Barbounis and Visili Barbounis. All devices are provided for and paid for connected with a family plan in the name of Visili Barbounis only.

7. During the time period when I was employed by MEF, I also owned a Microsoft Surface laptop computer.
8. I used the Microsoft Surface primarily for school and as a personal computer, however, I was required to use this device in order to work remotely for MEF.
9. During the time period when I was employed by MEF, it was required that I brought the Microsoft Surface laptop computer to work.
10. During my employment for MEF, I was required to work from home and work remotely and during these times I utilized my personal laptop, identified above as a Microsoft Surface.
11. During a trip to England that occurred December 2018, I opened the Microsoft Surface and discovered that the screen had cracked. The device was no longer usable.
12. The Microsoft Surface was purchased for school sometime around 2016 and it did not make sense economically to spend the money to repair the screen.
13. Accordingly, since December 2018, I have not used the Microsoft Surface.
14. Sometime between December 2018 and January 2019, my husband, Visili Barbounis, disposed of by recycling, the Microsoft Surface.
15. The image that MEF has produced where I am using the Microsoft Surface with MEF information on the screen was taken sometime in 2018 or 2017. I do not know when the image was taken, however, it could not have been taken in 2019, because I no longer had access to the device after it was disposed of by my husband.
16. The image that MEF has produced where I am using the Microsoft Surface with a hoagie wrapper from Wawa next to it was taken November 22, 2018.
17. I no longer have access to, possession of, or the ability to recover any of the hardware connected with the Microsoft Surface including the Microsoft Surface itself.
18. On January 8, 2019, I signed a Bring Your Own Device Agreement in connection with my employment with the Middle East Forum.
19. Pursuant to this agreement, MEF provided me with a new Apple MacBook Pro laptop computer which I was expected to use as a replacement for my recently damaged Microsoft Surface.
20. Beginning January 2019, the only laptop that I had access to was the Apple MacBook Pro laptop ("Apple laptop") that was purchased for me by MEF.
21. According to the Bring Your Own Device Agreement, if my employment with MEF discontinued, I was expected to either purchase the Apple laptop which would be valued

according to a balance amount determined by depreciation, or, I was required to return the device.

22. When my employment with MEF ended, I opted to return the Apple laptop to MEF.
23. Marnie Meyer is an employee for MEF who holds the position of Chief Financial Officer (“CFO”). In her position as CFO, Marnie Meyer oversees all human resources operations for MEF.
24. When my employment with MEF ended, I informed Marnie Meyer that I would be returning the Apple laptop. Marnie Meyer instructed me to return the device to its original condition by resetting the device to its original factory settings.
25. I followed the instructions of MEF’s CFO, Marnie Meyer, and performed a factory reset and returned the Apple laptop to Marnie Meyer within a day or two of my last day working at MEF.
26. I did not perform any other function with the Apple laptop before returning it to MEF when my employment with MEF ended.
27. I did not copy, download, extract, or attempt to retrieve in any way any of the information contained in the MEF Apple laptop computer prior to returning the Apple laptop to MEF through MEF’s CFO, Marnie Meyer.
28. Since the Apple laptop was returned to MEF, sometime around August 2019, I have not had the ability to use or access the Apple laptop because it was no longer in my possession.
29. November 27, 2019, I took a photo of three electronic devices and posted the photo on Instagram (“Instagram photo”) along with a message that read: “This phone situation is out of control.”
30. The three devices depicted in the Instagram photo are all connected to the same account which is my Verizon Wireless cell phone account which is attached to the phone number of 215.910.2154.
31. In August 2019, I only owned one iPhone which was connected to my Verizon Wireless account which was an iPhone XS.
32. Sometime around August 2019, I cracked the front and back screen of the one iPhone that I owned connected to my Verizon Wireless account, phone number listed above in Paragraph 27.
33. After cracking the front and back screen on the one iPhone that I owned, I began the process of replacing the phone through my insurance provider: Asurion.

34. Asurion maintains a policy that if the device is cracked on the back, they will immediately send an iPhone replacement.
35. When Asurion provides the user with an iPhone replacement, the broken iPhone must be returned to Asurion. If a Claimant does not return the device, Asurion charges the Claimant the full value of the iPhone.
36. I initiated an iPhone claim for the one iPhone that I owned which was connected with my Verizon Wireless account through Asurion August 10, 2019. A new device was shipped on August 30, 2019.
37. I received a replacement iPhone from Asurion in connection with my August 2019 claim sometime around September 2, 2019.
38. My daughter then dropped my new iPhone replacement and cracked the screen.
39. I submitted a second claim to Asurion for the replacement phone that my daughter dropped. This time only the front screen was damaged. Therefore, Asurion sent a technician to my office in Washington D.C., to repair the replacement iPhone that my daughter dropped.
40. I submitted the claim for screen repair for the device my daughter dropped to Asurion on November 13, 2019.
41. By November 13, 2019, I had already returned the original iPhone which was damaged in August 2019 to Asurion. Accordingly by November 13, 2019, I still had only one iPhone in my possession, which is the iPhone that Asurion repaired at my office.
42. Sometime after November 13, 2019, the screen connected with the repaired device began to malfunction after the repair.
43. Accordingly, I contacted Asurion and a brand new replacement device was shipped to my home November 19, 2019.
44. I received the replacement device sometime around November 21, 2019. Accordingly by November 21, 2019, I had two iPhones in my possession. They were (1) the device that was repaired by Asurion at my office and (2) its replacement device which was shipped November 19, 2019.
45. The brand new iPhone that was shipped November 19, 2019, which was intended to replace the damaged iPhone that was repaired at my office, malfunctioned. I therefore contacted Asurion and a new iPhone was shipped November 25, 2019.
46. Accordingly, by November 27, 2019, I had three iPhones in my possession. They were the (1) iPhone replacement repaired at my office, (2) iPhone replacement shipped November 19, 2019, and (3) iPhone replacement shipped November 25, 2019.

47. The iPhone that was shipped by Asurion November 25, 2019 was received November 27, 2019.
48. The iPhone that was shipped November 25, 2019 and received November 27, 2019, had the same problem as the iPhone that was shipped November 19, 2019.
49. Therefore, on November 27, 2019, I took a photo of all three iPhones and posted the image to Instagram with the caption, "This phone situation is out of control."
50. According to Asurion policies, I was required to return the iPhone devices that were replaced. I returned two of the three iPhones to Asurion and retained one of them.
51. The iPhones that were returned to Asurion did not contain any information related to MEF because I was unable to connect to cellular or wireless data. I would have been charged over two thousand dollars if I did not return the devices. In order to avoid these charges and because there was no information stored on these two iPhones, I returned them to Asurion.
52. I still possess an iPhone that I am required to return to Asurion. I have not returned this device because of my obligations connected with the instant matter.
53. Presently, there are only two iPhones in my possession. They are (1) one of the iPhones from Asurion which I was able to use in a limited capacity and (2) an iPhone 11 which I received from Sprint when transferred by account from Verizon Wireless to Sprint.
54. The image that was taken November 27, 2019, posted on Instagram depicts three iPhones. They are the (1) iPhone replacement repaired at my office, (2) iPhone replacement shipped November 19, 2019, and (3) iPhone replacement shipped November 25, 2019.
55. All three iPhones depicted in the image that was taken November 27, 2019, posted to Instagram, were connected to my Verizon Wireless Account, phone number listed above in Paragraph 27.
56. I no longer maintain an account with Verizon Wireless. On January 10, 2020, I moved my account connected with phone number 215.910.2154 to Sprint. The transfer of my wireless account from Verizon to Sprint in no way implicates my obligations to preserve potential evidence connected with the instant matter.
57. Other than the two iPhones identified above in Paragraph 50, I do not own any other phones.
58. All of the phones depicted in the images produced by MEF were connected with my Verizon Wireless account.
59. Attached to this Declaration is information connected with the above referenced claims and provides relevant supporting documentation. Exhibit A.

60. I swear under penalty of perjury that the foregoing is accurate, true and correct.

Asurion for AT&T <asurion-reply@et-notifications.asurion.com>

Sat, Aug 10, 2019 at 11:09 AM

To: lisabarbounis@gmail.com

The next step for your Insurance claim is to
Print, complete and return an affidavit

(a sworn statement)

Wireless Number: 2159102154

Complete Documentation

Hi Vasili,

Please take the following actions:

1. Download, print, and complete the claim affidavit.
2. Scan or take a photo of the completed affidavit along with an approved photo ID.
3. Upload the completed affidavit and photo ID to get immediate confirmation that we received your documents or fax them to 1-888-429-7719.

Questions? Once you've uploaded your completed affidavit, you can [track your claim status](#).

We'll review your documents and contact you within 24 hours with next steps.

Don't forget to complete any necessary steps within 60 days to avoid claim cancellation. After this period, you may not be able to refile your claim.

Thanks for choosing AT&T

Lisa Reynolds Barbounis <lisabarbounis@gmail.com>

Please Complete Your Claim
